

City Mental Health Treatment Centre

PRESCRIPTION

Dear Patient,

I need your help AGAIN, you helped me escape from here last me, but I promise this is the last me I will trouble you. Last me, we were so close to catching the two culprits. they might have said something about me in their release reports. I managed to download the hospital's database from this doctor's system, they will probably put me into solitary as soon as they find this mail out. I cannot attach the database file in the mail so I put the database inside this pdf, extract that and inform the authorities about it. I can't bear it in here anymore. HELP ME! ALSO the doctor's desk I am sending this from is fishy!

Regards,

Mr. Dubsky

Head of OPD
